LEAVING HOME IN SPAIN. RECENT CHANGES IN THE DISCOURSES AND IMAGINARIES OF YOUNG PEOPLE

Discutono

Sonia BERTOLINI e Marianna FILANDRI

The most recent Spanish data show an increase in the complexity of the youth's trajectories, with changes in tenure and living arrangement. Qualitative data show that imaginaries could also be changing. Young people have adapted and readjusted their discourses creating new valid forms of adulthood.

Here, we wonder if it is a discourse on the bonanzas of flexibility or is a tactic of adaptation or resignation in the face of precarious work and life.
