What is a Civil War?
Che cos'è una guerra civile?

Roland Marchal

CNRS/Ceri Sciences Po Paris

Visiting professor at UNITO spring term 2022

What can be considered the hallmark of civil wars? What paradigms of analysis do we need to understand them? What do the specific categories constructed to frame civil conflicts communicate and what do they conceal? How can we move beyond the regime of truth that these categories express, to address civil conflicts as social dynamics?

Roland Marchal will touch these issues while commenting on his research experience on civil conflicts in the Horn of Africa.

The discussion will be introduced by:

Kieran Mitton, King's College London, Visiting professor at UNITO spring term 2022

Fabio Armao, Dipartimento Interateneo di Scienze, Progetto e Politiche del Territorio, UNITO

Stefano Ruzza, Dipartimento di Culture, Politica e Società, UNITO

Irene Bono, Dipartimento di Culture, Politica e Società, UNITO

The seminar will be held in English and Italian
