VINCENT DUBOIS

VISITING SCIENTIST

Università di Strasburgo

18 maggio 2022
h 16.00 - 18.00

Aula 3D440 - Campus Einaudi

Vincent Dubois è Professore di Sociologia e Scienze Politiche all'Università di Strasburgo, autore di: *"Bringing Bourdieu to critical policy studies"* (forthcoming), *"Côntroler les assistés"* (2021), *"Il burocrate e il povero"* (2018), *"La politique culturelle"* (2015)

Starting from his long-standing research in the sphere of public policy and from the several books and articles he has published, Vincent Dubois will analyse the Bourdieusian concept of the "field" applied to the study of policy and will present the concept of "critical policy ethnography" as a key tool for a critical sociology of public policy. The seminar will then provide space for discussion and debate among participants. The meeting is public and the participation of those who are not members of the Department of Cultures, Politics and Society is welcome.
